These classrooms are the same proportions as a typical teaching lab, which allows for greater flexibility over the life of the building. These diagrams are meant to show the range of students possible with a variety of standard seating configurations. Project based learning, scale up classroom styles and other innovative models can occur in this space if the floor is flat.

Flexible Classrooms – 1240 s.f. Learning Environments

Classroom - 48 stud.
Classroom - 70 stud.
Classroom - 63 stud.

HIGH VOLUME/DENSITY CLASSROOMS -
48-70 Students
Detail No: 3.2-3
