

STEPHEN PENHOET
AIA, LEED AP

For more than 25 years, Mr. Penhoet has served as project architect, designer, project manager, master planner, programmer, and construction administrator for both institutional and commercial clients. His portfolio of work includes multiple academic facilities, community centers, biotechnology laboratories, large-scale planning, mixed-use commercial developments (including retail) and hospitals.

MATTHEW BELL
FAIA

Matt Bell has been a practicing architect and professor of architecture for over 30 years. His national and international architectural and urban design experience ranges from small-scale buildings and studies for existing neighborhoods to the design and implementation of new towns, campuses and cities. Matt has a diverse portfolio which has led to developing unique insights into the urban-environment and design-issue challenges facing our cities, towns, and suburbs.

CHRISTIAN CALLERI
AIA

Christian Calleri's passion for public spaces and public architecture has enabled him to deliver a wide range of services for federal, institutional, commercial, urban design and restoration projects. Over the course of his career, he has provided architectural and interior design, programming, technical detailing and construction administration for both large and small scale projects.

FAWZIA AHMEDALI
AIA, LEED AP BD+C

Fawzia is a registered architect with over 20 years of cross-disciplinary experience in architecture, commercial interiors, master planning, and LEED coordination. Her body of work spans across cities of the US, Hong Kong, Singapore, and India - encompassing diverse project types ranging commercial, residential, mixed-use, educational, and transit systems.

LEO VARONE
LEED AP BD+C

Leonardo Varone is a highly skilled architect, urban designer, preservationist, and project manager. An accomplished leader and experienced designer, he has 16 years of experience and unique expertise in architecture, city planning, master-planning, university and higher education planning, modernizations, and preservation projects.

ANN NEERIEMER
AIA, LEED AP

Ann Neeriemer has a passion for place-making and community based design which she has utilized on a variety of project types including master and campus planning, mixed-use developments, and primary and secondary education facilities. Ann has experience in all phases of design and construction including programming, detailing, construction administration, sustainable design, and public approvals.

JEANNINE MULLER
Assoc. AIA, LEED Green Assoc.

Jeannine Muller is an architectural designer with a focus on mixed-use development and urban design, ranging in scale from residential developments to campus and downtown master-planning. She recently graduated from the University of Maryland with a Master of Architecture.

KEVIN SITZMAN

Kevin Sitzman manages projects for Gorove/Slade Associates out of the firm's Prince William County, Virginia office. He possesses extensive experience in traffic engineering and has managed teams delivering traffic engineering and transportation planning services. His responsibilities have included project management, quality control, oversight and training of professional staff, and expert testimony.

ERIN TALKINGTON
LEED AP BD+C

Erin Talkington is a Vice President based in RCLCO's Washington, DC office. Over the years, Erin has engaged with a wide variety of clients in both the public and private sectors. Her experience includes highest and best use analysis for large mixed-use sites, downtown and corridor revitalization studies, and regional growth analysis.
